

Personal Income Tax Return - Year End Questionnaire 2018

To assist us in preparing your income tax return, please use this questionnaire as a checklist when you compile your information.

With respect to your income, please keep in mind that the Australian Taxation Office has the ability to check your return income against independent sources. In particular, this applies to PAYG Payment Summary income, interest received and dividends.

For deductions, keep in mind that self-assessment applies. In the event of a Tax Office audit you will need to be able to substantiate the deductions claimed.

Finally, if you have sold any assets during the year please provide full details so we can determine whether Capital Gains Tax may apply to the transaction.

Thank you for completing this questionnaire. Completing it takes considerable time and effort however your efforts will enable us to process your work quickly and efficiently because we will have all the necessary information at hand to complete the work. This will also avoid unnecessary costs because we won't need to come back to you with further requests for information, thus delaying the processing of your return.
